The Employment and Training Administration (ETA) understands the impact the coronavirus (COVID-19) is having on youth programming and the youth served by these programs. The workforce community continues to work hard to address the challenges you now face in serving young people due to COVID-19 and we thank you for continuing to serve youth (even if it's not in person)! By being innovative and creative with various forms of technology, your programs keep participants safe and engaged.

ETA conducted a "WIOA Youth Program COVID-19 Session" Monday, May 4, 2020 at 2pm (ET). During this event, answers to pre-submitted questions were given as well as resources and best practices were shared.

Objectives:

- Thank you all for your work!
- Answer and review pre-submitted and published questions
- Discuss challenges and successes
- Share information & resources

ETA has developed a series of technical assistance resources and frequently asked questions (FAQs) to address grants management questions related to Coronavirus (COVID-19) to help state and local workforce leaders, and other stakeholders and partners to assist the public workforce system during this crisis.
