Training the next generation of skilled workers
in manufacturing
Aligning curriculum with local employers needs
Offer high quality training tied to industry
credentials

- ◆ Real-time feedback from local businesses on technology advances that may require changes in program curriculum
- ◆ Recognition as part of the Registered Apprenticeship College Consortium (RACC)

\$ E R X W 1 - 0 6

NIMS is the developer of quality competency-based skills standards and credentials for jobs in manufacturing and related industries. In September 2016, NIMS was selected by the Department of Labor as an industry intermediary to support the expansion of registered apprenticeship within manufacturing. Through these efforts, NIMS certifies a safe and skilled workforce for the global economy.
